

On 10/10/1999, the earthquake in Sicily, Italy, caused significant damage to the statue. The statue is a large, ornate sculpture of the Virgin Mary and the Christ Child, likely a religious monument. The Virgin Mary is depicted with a large, golden crown and a face of dark brown skin. She wears a white robe with a wide, decorative band featuring blue and gold floral patterns. The Christ Child, also with a golden crown and dark brown skin, is seated on her lap, holding a blue globe and a golden cross. The background is a clear blue sky.
